# 2021 CONSUMER PRICE LIST

Turnout Clothing, Emergency Response Clothing, Proximity Clothing

Email orders to:
customerservice@firedex.com

Remit payment to: Fire-Dex, LLC
Dept 781422
P.O. BOX 78000
Detroit, MI 48278-1422

Order Submittal:

- Orders must be sent via email or submitted through the FireWriter2 system.
- All orders must have a purchase order to be processed.
- All orders will be acknowledged via email. **No response to an acknowledgement will be viewed as an acceptance of the order. The sale will be final.**

**Terms & Conditions:**
Payment terms are NET 30 days from date of shipment. Accounts that continually exceed these terms may be placed on cash in advance status. Any invoice not paid within 30 days will be subject to 1.5% interest per month (18% annually).

**F.O.B.** Shipping Point

**Minimum Order:**
$250.00 – A $25.00 service charge will be charged for orders less than minimum. Garment related accessories such as name patches, miscellaneous options, or suspenders will not be subject to this charge. Minimum order fee also does not apply to TECGEN51.

**Returns:**
As Fire-Dex® does not maintain inventory of finished product, items purchased are non-returnable. Goods will not be accepted without a valid return goods authorization number (RGA#). RGAs are obtainable from the Customer Service Representative. Returns are not permitted on any orders of gear over 90 days old. Gear must be from current production standards. All returned goods must be returned clean (in accordance with guidelines of NFPA 1500), to facilitate inspection for proper handling. Goods that have not been cleaned will be sent back freight collect. Authorized returns of goods which came from our stock, will be charged a 25% restocking charge unless found defective in material or workmanship under warranty. For the TECGEN51 Return Policy, please see the TECGEN51 page at the end of this Price List.

**WARRANTY:**
Fire-Dex, LLC warrants its protective clothing products to be free from defects in workmanship for the serviceable life of the products when used by appropriately trained personnel following proper fire fighting procedures and when the product's warning, use and care instructions are followed. Some fabrics and materials Fire-Dex uses have warranties provided by the material manufacturers including, but not limited to W.L. Gore and Stedfast. Please refer to those warranties prior to filing a warranty claim with Fire-Dex. Any material warranty claims will be handled through the material manufacturer.

Inasmuch as Fire-Dex has no control over the manner or way in which our product is used after it leaves our plant, Fire-Dex, cannot be responsible by warranty or otherwise, for results or effect of its use. Each user should make their own tests (preferably by a qualified safety engineer) to determine the suitability of our product for his particular application.

**WARNING FOR TURNOUT CLOTHING**: *Protective clothing systems are for conventional structural fire fighting only to protect the body (excluding head, hands & feet) against temperature extremes, steam, hot water and particles. For effective protection, both coat and pant must be worn. This clothing is not proximity or entry gear. It is not designed to be kept in direct contact with flames or molten metal, or for protection against hazardous chemical, biological or radiological agents. User must have the background necessary to select correct clothing for the job and use it safely.* WHEN PROPERLY CONFIGURED, FIRE-DEX® CLOTHING MEETS OR EXCEEDS CURRENT NFPA AND OSHA REQUIREMENTS.

Prices and terms subject to change without notice or obligation.

Possession of this price list does not constitute an offer by FIRE-DEX, LLC to sell to the holder. Sales will be made only to previously qualified and accepted distributors. FIRE-DEX, LLC reserves the right to revoke distributorship at any time.

**Fire-Dex® Expedite:** The following product lines are available for expedite: FXR, FXM, Proximity, EMS, USAR, Hoods & Helmets. Fire-Dex® will ship items within ten working days from receipt of acknowledged order for a 30% service charge applied to the distributor price. If the order is not shipped in ten days, no expedite charge will be applied. Orders must be acknowledged by Fire-Dex Customer Service and are subject to materials availability and production capacity. Maximum of 20 sets per order, and this service is available for standard options listed on the Fire-Dex Consumer Price List. This service is only available to established distributors whose accounts are current and in good standing.

*Note: Positions 3, 6, and 7 are for Multi-Row Lettering Only

Lettering Guidelines

In order to assist you with lettering on your gear, we have developed this lettering chart to help service as a guideline when ordering lettering. The chart highlights the position which corresponds to the numbers listed in FireWriter. Lettering and patch restriction are based on the size of the coat, addition of DexFlex back, and name spelling.

Please Note

**An empty space counts as 1 letter
**The bigger the size, the smaller the amount of space between the top and bottom trim

High Visibility Trim Rule No lettering above top trim unless customer understands that the upper, horizontal trim bar will be lowered to accommodate. In the case of Project Fires, the lettering departments will have to shorten the vertical bars to accommodate the lettering.

High Visibility and Project Fires Rule The maximum amount of letters to fit BETWEEN the vertical bars on both styles of trim are: a) 3" letters - 6 letters or b) 2" letters - 8 letters

| Lettering Patch Guidelines | Maximum | Maximum |
|---|---|---|
| Options | 2" Letters | 3" Letters |
| XL61, XL10, XL58, XL59, XL63 (hanging patch) | 14 | 11 |
| XL70 (1 row patch) - 4"x14" | 11 | 9 |
| XL50 (1 row patch) - 4"x14" | 11 | 8 |
| XL56 or XL76 (2 row patch) *Cannot be used below top trim on 28" coat - 8"x14" | 11 per row | 8 per row |
| XL57 or XL77 (3 row patch) *Cannot be used below top trim on 28" coat - 12"x14" | 11 per row | 8 per row |

SIZING INFORMATION:

Turnout Coats/Jackets: Available in *Even Chest Sizes Only*, 32-74 (measure loosely around body just under the arms). If ordering a 40" chest coat, ours will measure 48" to 50" on the exterior of the coat. This allows for station wear or other clothing to be worn underneath. Standard sleeve lengths (measured from the base of the neck, out over the shoulder and down the arm to the desired length) vary (± ½" Sewing Tolerances) with coat sizes on the chart below.

Pants: Available in *Even Waist Sizes Only*, 28 - 68. (Measure loosely over station wear at point on body where pant waist will be worn. DO NOT add to this measurement or assume sizing comparable with competitors' gear.) If ordering size 36" waist, ours measures 36" on the interior of the waist band. Standard inseam for all sizes is 29"; custom inseams are available with no additional charge.
Fire-Dex also offers women's size pants. When ordering women's sizes include hip measurement.

### Turnout Reference Guide

| Turnout Jacket Sizing | | | | Turnout Pant Sizing | |
|---|---|---|---|---|---|
| Size | Chest | Std. Sleeve | | Size | Waist |

* Available in 29" and 33" coat lengths

# Fire-Dex® Measurement Guide

Fire-Dex® Sizing Gear is the most accurate way to measure a person. In the event that sizing gear is not available, follow the instructions below. Use the right side of the guide to mark sizes and not person's data.

- All measurements are taken with arms at sides and at an "at ease" stance.
- All measurements are taken with stationwear on.

CHEST – Measure at chest, just below armpits. Bigger is usually better for fit and comfort. Even numbered sizes only, i.e. 32", 34", etc.
*If using a Fire-Dex Sizing Chart for general sizing, we manufacture the larger of the two numbers in each category.

COAT LENGTH – NFPA requires the coat and pant to have at least a 2" overlap of all layers so there is no gaping of the total thermal protection when the protective garments are worn. Measure from the center of the collar down the spine, stopping at the bottom of the belt line. Round up to nearest whole inch. As a rule, adding 8" to this measurement for FX-M & FX-A will give you a suitable coverage length. Add 7" for FX-R.

BELLY – If belly measurement is larger than chest, please include this number as the jacket will require a BEG gusset. Measure around the largest part of the belly.

SLEEVE - Measure sleeve lengths from the middle of the back, from the vertebrae at the base of the neck, over the shoulder to the point on the hand that is required (generally done to the thumb crotch). Longer is usually better for protection. Do not bend arm.
*On applicable gear, if a sleeve length is not specified, the standard sleeve length will be shipped.

WAIST - Waist is measured at point where pant will be worn. Bigger is usually better for fit and comfort. The inside of the pants, at the waist, will measure the dimension you place on the order. Even numbered sizes only, i.e. 32", 34", etc.
* If using a Fire-Dex Sizing Chart for general sizing, we manufacture the larger of the two numbers in each category

INSEAM - Inseam is measured from the crotch to the point on the foot that is required.
*On applicable gear, if inseam is not specified, the standard inseam will be shipped.

SUSPENDERS - Suspenders are measured from the rear suspender attachment point over the top of the shoulder to the front suspender attachment point. Correct rise pants and rear bib size need to be used.

HIPS - Measure hips at widest point. If the hips are greater in dimension than the waist we can accommodate with a wider thigh area. As a rule, a 4"-6" difference would require a hip modification.

# 2021 DISTRIBUTOR WHOLESALE PRICE LIST

**GLOVES, HOODS, HELMETS, GEAR BAGS, BOOTS, ISOLATION PPE, & LAUNDRY DETERGENT**

| **Email Orders To:** | **Remit Payment To:** |
|---|---|
| customerservice@firedex.com | Fire-Dex, LLC<br>Dept 781422<br>P.O. BOX 78000<br>Detroit, MI 48278-1422 |

**Order Submittal:**
- Orders must be sent via email.
- All orders must have a purchase order to be processed.
- All orders will be acknowledged via email. **No response to an acknowledgement will be viewed as an acceptance of the order. The sale will be final.**

**Terms & Conditions:**
Payment terms are NET 30 days from date of shipment. Accounts that continually exceed these terms may be placed on cash in advance status. Any invoice not paid within 30 days will be subject to 1.5% interest per month (18% annually).

**F.O.B. Shipping Point**

**Minimum Order:**
$250.00 – A $25.00 service charge will be charged for orders less than minimum.

**RETURNS:**
Goods will not be accepted without a valid Return Goods Authorization number (RGA #). RGA's are obtainable from your Customer Service Representative. Returns are not permitted on any orders of gear over 90 days old. Items must be from current production standards. All returned goods must be returned clean (in accordance with guidelines of NFPA 1500), to facilitate inspection for proper handling. Goods that have not been cleaned will be sent back freight collect. Authorized returns of goods which came from our stock will be charged a 25% restocking charge unless found defective in material or workmanship under warranty. Items that are not stocked are non-returnable.

**GENERAL WARRANTY:**
Fire-Dex, LLC warrants its protective clothing products to be free from defects in workmanship for the serviceable life of the products when used by appropriately trained personnel following proper firefighting procedures and when the product's warning, use and care instructions are followed. Inasmuch as Fire-Dex has no control over the manner or way in which our product is used after it leaves our plant, Fire-Dex cannot be responsible by warranty or otherwise, for results or effect of its use. Each user should make their own tests (preferably by a qualified safety engineer) to determine the suitability of our product for his particular application.

**Fire-Dex FOOTWEAR WARRANTY:**
Fire-Dex warrants its protective footwear to be free from defects in materials and workmanship for a period of one (1) year from the date of purchase when properly used and cared for. Products believed to be defective should be returned to Fire-Dex at owner's expense for complete analysis and inspection. At the sole discretion of Fire-Dex, if deemed defective, the product will be either repaired or replaced. Any replacement will be for the same model, standard, and size.
This warranty explicitly covers Fire-Dex footwear used for the purpose for which it was designed, by trained personnel, following proper procedures in accordance with the product's warning, use, inspection, care/maintenance, and storage instructions. Events specifically excluded from this warranty include but are not limited to: normal wear and tear, accidental damage (chemical exposure, nail tears, etc.), intentional or unintentional abuse or where evidence of disregard for care instructions. It is recommended that the user frequently inspect and properly maintain these products as failure to properly care for footwear will lead to a reduction in the serviceable life of the product. For purpose of this warranty, "Defects in Materials" refers to flaws caused by irregularities in their manufacture. "Defects in Workmanship" refers to improperly manufactured seams, stitching, or other construction methods.

For Turnouts, Proximity, Emergency Response, Search & Rescue, and Wildland products, consult the Fire-Dex Consumer Price List.

Prices and terms are subject to change without notice or obligation.

Possession of this price list does not constitute an offer by Fire-Dex to sell to the holder. Sales will be made only to previously qualified and accepted distributors. Fire-Dex reserves the right to revoke distributorship at any time.

**Fire-Dex® Expedite:** Fire-Dex® will ship hoods or helmets within ten working days from receipt of acknowledged order for a 30% service charge applied to the distributor price. If the order is not shipped in ten days, no expedite charge will be applied. Orders must be acknowledged by Fire-Dex Customer Service and are subject to materials availability and production capacity. This service is only available to established distributors whose accounts are current and in good standing.

# Fire-Dex® Particulate Blocking Hoods

Fire-Dex® particulate blocking hoods reduce firefighters' exposure to persistent fireground carcinogens and other contaminants.
Choose between two barrier options: DuPont™ Nomex® Nano Flex or StedAIR® PREVENT.
Cerfified to NFPA 1971, current edition.

**H41 Interceptor™ made with DuPont™ Nomex® Nano Flex**

Features:
3-layer hood featuring DuPont™ Nomex® Nano Flex between two layers of knit 6.0oz PBI/Lenzing (20%/80%)
The only barrier hood to offer PBI protection
