In business since 1886, The Council Tool Company, Inc. ships quality products that are made in the USA. Please take a look at our dealer list on our website at [www.counciltool.com](http://www.counciltool.com) to be sure your information is accurate.

As our customer representatives, we appreciate our dealers resolving warranty claims with their customers. Council Tool will, at its discretion, issue credit to the dealer or distributor for repair of defective products, or replace the item with the same or similar item.

Council Tool staff is available to assist the dealer or distributor with technical information, recommendations for proper repair, or any other issues relating to the warranty policy. Our warranty is below:

#### Warranty Statement:

The Council Tool Company, Inc. guarantees its forged steel products to be free from defects in materials and workmanship for the life of the tool, with proper use and reasonable care. The Council Tool Company, Inc. guarantees wooden and fiberglass handles to be free from cracking or splitting for 30 days after sale by the dealer or distributor. This warranty does not cover tools that have been abused, misused, altered, or simply worn out from extended use.

The Council Tool Company, Inc. makes no other warranty either express or implied.

Please contact your CTC sales rep to notify of any shipment shortages or discrepancies within 2 days of delivery. We cannot offer credit for shipments that are signed as received in good condition. Lift gate or other additional fees may be billed after initial invoice has been sent.
