# RETROFITS

- ✓ Retrofit most in-service quartz halogen 2-, 4- and 6-head towers
- ✓ Update to the latest LED technology from FRC, Whelen and Command Light's exclusive retrofit fixture, the Helios
- ✓ With just a Command Light serial number, we can check if tower can be upgraded

This is sample pricing that gives departments a price range for our most popular LED Upgrade options. The cost of a retrofit varies based on fixture selection, complexity of upgrade and the number of heads. Shadows and Knights include new lamp trees; Commands include new lamp brackets. Helios is a direct bolt-on fixture for most Shadows and Knights. Please contact the factory for specifics and other LED options, have your tower serial number on hand.
