IPSDI Analytics + IPSDI Exposure

Item	Description	Frequency	Unit Cost	Discount	Pricing
Integration	Technical integration between IPSDI Analytics and data source(s) <i>The connection between a department's data source (or sources) and IPSDI Analytics. The base Integration fee supports the development of a normalizer that allows us to ingest data from any source into our system. The fee includes initial integration meetings, data assessment and normalization, technical development, data validation, and onboarding training. Departments can select up to six data enrichments. One year of historical data from the selected data source is also included.</i>	One-time			
	Base: with a standard data source (API or Known Product)	One-time	\$5,000	Not available	\$5,000
	Non-standard integration: with a non-standard data source (CAD or custom RMS)	One-time	\$6,000	Not available	\$6,000
	Additional data sources (at the time of onboarding)	One-time	\$1,000	Not available	\$1,000
	Data source changes: depending on data source and complexity	One-time	\$2,000+	Not available	\$2,000+
Historical Data	Ingestion of additional years of data from the designated data source. <i>Unit cost is one year per data source (prorated by quarter). Ingest of data from other sources will be considered an integration.</i>	One-time	\$1,000	Not available	\$1,000
Subscription	Annual subscriptions to IPSDI Analytics <i>Pricing is based on population protected and includes ongoing data ingestion and access for an unlimited number of users in their department.</i>	Annual			
	Tier 0: Less than 50,000		\$5,000	10%	\$4,500
	Tier 1: Between 50,001 and 100,000		\$8,000	10%	\$7,200
	Tier 2: Between 100,001 and 250,000		\$12,000	10%	\$10,800
	Tier 3: Between 250,001 and 500,000		\$17,000	10%	\$15,300
	Tier 4: Between 500,001 and 1 million		\$25,000	10%	\$22,500
	Tier 5: Over 1 million		\$32,000	10%	\$28,800

Analyst on Demand

Item	Description	Unit Cost	Discount	HGAC Pricing
Analyst on Demand	Our Analyst on Demand services are designed to fill an existing void, such as temporary data-capacity gaps, or to solve time-sensitive problems. A department can benefit from flexible, just-in-time support from our talented and knowledgeable data scientists, analysts, and subject matter experts.			
Truly on Demand (TOD)	Data analysis services are provided on demand for a fire department's specific project or need. <i>Per hour; 4-hour minimum required</i>	\$250.00	Not available	\$1,000
Subscription	The rate includes four hours per month of on-demand analysis of a department's data and possible outcomes related to those issues. The department can use the allocated time according to its needs (e.g., all 24 hours at one time, or a set cadence to deliver scheduled outcomes). <i>Per hour; 4 hours per month for 6 months minimum required</i>	\$218.75	12.5%	\$5,250
