| <input type="checkbox"/> | 98G  | CNG/Propane Gaseous Engine Prep Package<br><i>Includes hardened engine intake valves and valve seats. Note: This package does not include CNG/propane fuel tanks, lines, etc. Vehicle will be equipped with the standard factory gasoline fuel system. Additional equipment combined with certified calibration reflash is required, from an external upfitter, to convert the vehicle to a CNG/propane fueled vehicle. See Alternative Fuel Buyers Guide: <a href="http://www.ford.com/altfuelbuyersguide">www.ford.com/altfuelbuyersguide</a>. Ford Motor Company does not provide an exhaust or evaporative emissions certificate with this option when converted to use CNG or propane fuel. Ford does not represent that a vehicle converted to use CNG or propane will comply with all applicable U.S. or Canadian safety standards. It is the responsibility of the final stage manufacturer (body-builder, installer, alterer or subsequent stage manufacturer) to determine that any vehicle converted to use CNG or propane complies with U.S. federal, California or Canadian exhaust and evaporative emission requirements, federal fuel economy standards, U.S. and Canadian safety standards, labeling and any other requirements.</i> | \$315.00 |

| <i>Includes upgraded front springs/GAWR rating, please see Supplemental Order Guide or visit <a href="http://fordbbas.com">fordbbas.com</a> for complete details. Incomplete vehicle package - requires further manufacture and certification by a final stage manufacturer. Ford vehicles are suitable for producing ambulances only if equipped with the Ford Ambulance Prep Package. In addition, Ford urges ambulance manufacturers to follow the recommendations of the Ford Incomplete Vehicle Manual and the Ford Truck Body Builders Layout Book (and pertinent supplements). Using a Ford vehicle without the Ford Ambulance Prep Package to produce an ambulance voids the Ford warranty. Note: Stationary Elevated Idle Control (SEIC) has been integrated into the engine control module.</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |      |                                                    |            |

| <i>Includes upgraded front springs/GAWR rating, please see Supplemental Order Guide or visit <a href="http://fordbbas.com">fordbbas.com</a> for complete details. Incomplete vehicle package - requires further manufacture and certification by a final stage manufacturer. Ford vehicles are suitable for producing ambulances with special emissions only if equipped with the Ford Ambulance Prep Package with EPA Special Emergency Vehicle Emissions. In addition, Ford urges ambulance manufacturers to follow the recommendations of the Ford Incomplete Vehicle Manual and the Ford Truck Body Builders Layout Book (and pertinent supplements). Using a Ford vehicle without the Ford Ambulance Package with EPA Special Emergency Vehicle Emissions to produce an ambulance with special emissions voids the Ford warranty. Note 1: Stationary Elevated Idle Control (SEIC) has been integrated into the engine control module. Note 2: Engine calibration significantly reduces the possibility of depower mode when in stationary PTO operation. Note 3: Must meet the definition of an Emergency Vehicle, an Ambulance or Fire Truck per 40 CFR 86.1803.01 in the Federal Register. Note 4: California Code of Regulations allows for the sale of federally certified emergency vehicles in California.</i> |      |                                                    |            |

| <i>Includes upgraded front springs/GAWR rating, please see Supplemental Order Guide or visit <a href="http://fordbbas.com">fordbbas.com</a> for complete details. Incomplete vehicle package - requires further manufacture and certification by a final stage manufacturer. Ford urges Fire/Rescue vehicle manufacturers to follow the recommendations of the Ford Incomplete Vehicle Manual and the Ford Truck Body Builders Layout Book (and pertinent supplements). Note 1: Stationary Elevated Idle Control (SEIC) has been integrated into the engine control module. Note 2: Engine calibration significantly reduces the possibility of depower mode when in stationary PTO operation. Note 3: Must meet the definition of an emergency vehicle, an Ambulance or Fire Truck per 40 CFR 86.1803.01 in the federal register. Note 4: California Code of Regulations allows for the sale of federally certified emergency vehicles in California.</i>                                                                                                                                                                                                                                                                                                                                                                |      |                                                    |            |

|          |      | <i>Ford is increasing the 5-year 60,000-mile limited powertrain warranty to 5-years, 100,000 miles. Only Fleet purchasers with a valid Fleet Identification Number (FIN code) will receive the extended warranty. When the sale is entered into the sales reporting system with a sales type fleet along with a valid FIN code, the warranty extension will automatically be added to the vehicle. The extension will stay with the vehicle even if it is subsequently sold to a non-fleet customer before the expiration. This extension applies to both gas and diesel powertrains. Dealers can check for the warranty extension on eligible fleet vehicles in OASIS. Please refer to the Warranty and Policy Manual section 3.13.00 Gas Engine Commercial Warranty. This change will also be reflected in the printed Warranty Guided distributed with the purchase of every new vehicle.</i> |      |
