This package does not include CNG fuel tanks, lines, etc. Vehicle will be equipped with the standard factory gasoline fuel system. Additional equipment combined with a certified calibration reflash is required, from an external upfitter, to convert the vehicle to a CNG fueled vehicle. Ford Motor Company does not provide an exhaust or evaporative emissions certificate with this option when converted to use CNG fuel. Ford does not represent that a vehicle converted to use CNG or propane will comply with all applicable U.S. or Canadian safety standards. It is the responsibility of the final stage manufacturer (body-builder, installer, alterer or subsequent stage manufacturer) to determine that any vehicle converted to use CNG complies with U.S. Federal, California, or Canadian exhaust and evaporative emission requirements, federal fuel economy standards, U.S. and Canadian safety standards, labeling, and any other requirements.</i>

☒	WARANT	Fleet Customer Powertrain Limited Warranty	N/C
Requires valid FIN code.			
<i>Ford is increasing the 5-year 60,000-mile limited powertrain warranty to 5-years, 100,000 miles. Only Fleet purchasers with a valid Fleet Identification Number (FIN code) will receive the extended warranty. When the sale is entered into the sales reporting system with a sales type fleet along with a valid FIN code, the warranty extension will automatically be added to the vehicle. The extension will stay with the vehicle even if it is subsequently sold to a non-fleet customer before the expiration. This extension applies to both gas and diesel powertrains. Dealers can check for the warranty extension on eligible fleet vehicles in OASIS. Please refer to the Warranty and Policy Manual section 3.13.00 Gas Engine Commercial Warranty. This change will also be reflected in the printed Warranty Guided distributed with the purchase of every new vehicle.</i>
