Legals/Public Notices

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Notice of Receipt of Application and Intent to Obtain a Hazardous Waste Permit Renewal
Permit No. 50117

Application. Equistar Chemicals, LP, a hazardous waste management facility, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit renewal with a minor amendment for continued permit authorization of the existing tanks and container storage area. The minor amendment requests revisions to the waste analysis plan, closure of waste management units, and administrative changes. The facility is located at 8280 Sheldon Road, Channelview, 77530, in Harris County, Texas. TCEQ received this application on February 23, 2026. The following link to an electronic map of the general location of the site or facility is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1vGTna3. For the exact location, refer to the application. The permit application is available for viewing and copying at the North Channel Harris County Library, 15741 Wallisville Road, Houston Texas 77049. The application, including updates, is available electronically at the following webpage: www.tceq.texas.gov/goto/wasteapps.

The TCEQ Executive Director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) in accordance with the regulations of the Coastal Coordination Council and has determined that the action is consistent with the applicable CMP goals and policies.

Alternative Language Notice / Aviso en idioma alternativo. Alternative language notice in Spanish is available at www.tceq.texas.gov/goto/wasteapps. El aviso en idioma alternativo en Español está disponible en www.tceq.texas.gov/goto/wasteapps.

Additional Notice. The TCEQ Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment / Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include the Following Items in Your Request: Your name, address, phone number; the applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you raised during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s), and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address, will become part of the agency's public record.

For more questions about the permitting process, please visit https://www.tceq.texas.gov/agency/decisions/participation/permitting-participation or contact the TCEQ's Public Education Program by email at pep@tceq.texas.gov or by phone, toll free, at 800-687-4040. Para información en español, favor de llamar al 800-687-4040.

For More Information. Further information may also be obtained by writing to the applicant's representative at Ms. Susie Geraci, Senior Environmental Engineer, Equistar Chemicals, LP, P.O. Box 777, Channelview, TX 77530 or by calling (281) 452-8866.

Issued Date: March 26, 2026.

NOTICE OF SPECIAL JOINT ELECTION

To the Registered Voters of the City of Jersey Village:

The City of Jersey Village and the City of Jersey Village Fire Control Prevention and Emergency Medical Services District hereby gives notice that the Civic Center Auditorium, 16327 Lakeview Drive, Jersey Village, Texas 77040 will be open from 7:00 a.m. to 7:00 p.m., on May 2, 2026, for voting in a Special Joint Election for the purpose of voting for or against the following proposition:

Proposition A

Whether the Jersey Village Fire Control Prevention, and Emergency Medical Services District should be continued for twenty (20) years, and whether the Fire Control Prevention, and Emergency Medical Services District sales tax should be continued for twenty (20) years.

Early voting by personal appearance will be conducted each weekday at the Civic Center Meeting Room, 16327 Lakeview Drive, Jersey Village, Texas from 8:00 a.m. to 5:00 p.m., beginning on April 20, 2026, through April 28, 2026. Also, early voting by personal appearance will be conducted on Saturday, April 25, 2026, from 7:00 a.m. to 7 :00 p.m.

Applications for ballot by mail shall be mailed to Lorri Coody, Early Voting Clerk, 16327 Lakeview Drive, Jersey Village, Texas 77040. Applications for ballots by mail may also be received by the early voting clerk electronically at crutherford@jerseyvillage.gov. Applications for ballots by mail must be received no later than the close of business on April 20, 2026

Issued this 5th day of March 2026. James Singleton, Board President

AVISO DE ELECCIÓN ESPECIAL CONJUNTA

Para los votantes registrados de la Ciudad de Jersey Village:

Por el presente, la Ciudad de Jersey Village y el Distrito de Control de Incendios, Prevención y Servicios Médicos de Emergencia de la Ciudad de Jersey Village notifican que el Civic Center Auditorium sito en 16327 Lakeview Drive, Jersey Village, Texas 77040 estará abierto de 7:00 a.m. hasta 7:00 p.m. el 2 de mayo de 2026 para votar en una Elección Especial Conjunta con el propósito de votar a favor o en contra de la siguiente proposición:

Proposición A

Si se debería continuar con el Distrito de Control de Incendios, Prevención y Servicios Médicos de Emergencia de Jersey Village por veinte (20) años y si se debería continuar con el impuesto a las ventas del Distrito de Control de Incendios, Prevención y Servicios Médicos de Emergencia por veinte (20) años.

La votación anticipada en persona se llevará a cabo cada día entresemana en la sala de reuniones del Civic Center sito en 16327 Lakeview Drive, Jersey Village, Texas de 8:00 a.m. hasta 5:00 p.m., a partir del 20 de abril de 2026 y hasta el 28 de abril de 2026 inclusive. Además, la votación anticipada en persona se llevará a cabo el sábado 25 de abril de 2026, de 7:00 a.m. hasta 7:00 p.m.

Las solicitudes de boletas de voto postal deben ser enviadas por correo a Lorri Coody, Early Voting Clerk, 16327 Lakeview Drive, Jersey Village, Texas 77040. Además, la oficial de votación anticipada puede recibir solicitudes de boleta de voto postal por correo electrónico a través delcrutherford@jerseyvillage.gov. Las solicitudes de boletas de votación por correo deben recibirse a más tardar al cierre del horario laboral del 20 de abril de 2026.

Emitido a 5 de marzo de 2026. Firmado: James Singletion, Presidente de la Junta

Legals/Public Notices

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

COMBINED
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN A WATER QUALITY PERMIT (NORI)
AND
NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR INDUSTRIAL WASTEWATER AMENDMENT
PERMIT NO. WQ0001160000

APPLICATION AND PRELIMINARY DECISION. W&P Development Corporation, 18511 Beaumont Highway, Houston, Texas 77049, which operates San Jacinto River and Rail Industrial Park, a centralized waste treatment facility, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment of Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0001160000 to authorize a change in the chemical oxygen demand (COD) limit at Outfall 001, reactivation of previous wastewater surge storage pond No. 2, the use of additional temporary treatment equipment and processes, the use of new chemicals and products for treatment, **the addition of miscellaneous wastewaters from oil and gas exploration and production operations and natural gas processing facilities as an authorized wastestream, and the addition of grit waste to the "interceptor wastes" category**. The draft permit authorizes the discharge of centralized waste treatment wastewater not to exceed a daily average flow rate of 4 million gallons per day (MGD) and a daily maximum flow rate of 8 MGD via Outfall 001 during Phase II operations; the discharge of centralized waste treatment wastewater not to exceed a daily average flow rate of 8 MGD and a daily maximum flow rate of 16 MGD via Outfall 001 during Phase III operations; the discharge of centralized waste treatment wastewater not to exceed a daily average flow rate of 16 MGD and a daily maximum flow rate of 32 MGD via Outfall 001 during Phase IV operations; the discharge of centralized waste treatment wastewater not to exceed a daily average flow rate of 26 MGD and a daily maximum flow rate of 52 MGD via Outfall 001 during Final Phase operations; and the discharge of stormwater runoff at an intermittent and flow-variable rate via Outfalls 002, 003, and 004. The TCEQ received this application on November 7, 2023.

The Applicant is issuing this combined notice because the Notice of Receipt of Application and Intent to Obtain a Water Quality Permit (NORI) did not list the requested amendment to add miscellaneous wastewaters from oil and gas exploration and production operations and natural gas processing facilities as an authorized wastestream, or the addition of grit waste to the "interceptor wastes" category. The applicant is publishing a combined NORI and NAPD to notify this addition and to comply with the NAPD requirement.

The facility is located at 18511 Beaumont Highway, between Sheldon Road and the San Jacinto River, within the 5-mile extraterritorial jurisdiction of the City of Houston, Harris County, Texas 77049. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. https://gisweb.tceq.texas.gov/LocationMapper/?marker=-95.104722,29.876666&level=18

The effluent is discharged from a 42-inch, 13-mile-long underground pipeline via Outfall 001 directly to the Houston Ship Channel Tidal in Segment 1006 of the San Jacinto River Basin; via Outfalls 002 and 004 directly to San Jacinto River Tidal in Segment 1001 of the San Jacinto River Basin; and via Outfall 003 to an unnamed drainage ditch, thence to San Jacinto River Tidal in Segment 1001 of the San Jacinto River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed drainage ditch. The designated uses for Segment No. 1006 are navigation and industrial water supply. The designated uses for Segment No. 1001 are primary contact recreation and high aquatic life use.

In accordance with §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in San Jacinto River Tidal, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ Executive Director reviewed this action for consistency with the Texas Coastal Management Program (CMP) goals and policies in accordance with the regulations of the General Land Office and has determined that the action is consistent with the applicable CMP goals and policies.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at North Channel Branch Library, 15741 Wallisville Road, Houston, Texas.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications. El aviso de idioma alternativo en español está disponible en https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the application. Generally, the TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for public comments, the Executive Director will consider the comments and prepare a response to all relevant and material, or significant public comments. **The response to comments, along with the Executive Director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on a mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or a timely request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and requests to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be added to: (1) the permanent list for a specific applicant name and permit number; and (2) the mailing list for a specific county. If you wish to be placed on the permanent and the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 or electronically at https://www.tceq.texas.gov/goto/comment/ within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at https://www.tceq.texas.gov/goto/cid/. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at https://www.tceq.texas.gov/goto/comment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, toll free, at 1-800-687-4040 or visit their website at https://www.tceq.texas.gov/agency/decisions/participation/permitting-participation. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from W&P Development Corporation at the address stated above or by calling Mr. Troy McGuire at 832-954-6328.

Issued: March 19, 2026
