Respondent is responsible for making all investigations and examinations that are necessary to ascertain conditions affecting the requirements of this Solicitation. Failure to make such investigations and examinations will not relieve the Respondent from the obligation to comply, in every detail, with all provisions and requirements of the Solicitation.

To satisfy any required public opening, the respondent list is made available in the OpenGov Public Portal after the deadline.

Respondents are strongly encouraged to submit proposals well in advance of any deadline to ensure all uploads and submissions are completed successfully before the cutoff time. Respondents are also encouraged to double-check all uploads to ensure the file is correct and the document is uploaded to the proper section of the response. Respondents may modify submissions that have already been submitted, before the deadline.

Recording of proposal submission time and date occur via OpenGov. To satisfy any required public opening, the respondent list is made available in the OpenGov Public Portal after the deadline.

3. Solicitation Requirements

Respondent must be compliant with all licensing, permitting, registration or other applicable legal or regulatory requirements imposed by any governmental authority. It is Respondent's responsibility to ensure that this requirement is met. H-GAC reserves the right to request copies of any license, permit, or other compliance related documentation at any time. Listed below are other requirements of responding to the Solicitation:

3.1. Contractor Orientation and Training

H-GAC believes that Contractor's familiarity with the operational policies and requirements of the Cooperative Purchasing Program is a key factor in achieving Customer satisfaction. The Contact Person listed on Contractor Status and Contact Form or an alternate, will be required to participate in an H-GAC vendor orientation and training as soon as possible after contract execution. In addition, other Contractor's staff who will be involved in any way with the HGACBuy Program should participate in orientation. The orientation may be presented as a teleconference or webinar or may be held in H-GAC's offices as determined by H-GAC and Contractor to be the most efficient and effective form of delivery. Please visit <https://www.hgacbuy.org/events> for more information.

3.2. Nationwide Sales Opportunity

HGACBuy contracts provide various products and services to local governments and qualifying non-profits throughout the nation, and desires to make established contracts available to Customers wherever and whenever practicable. Once a contract is executed, Contractor is expected to expand the scope of its marketing effort to include sales to Customers in all areas of the United States. Please also view important guidelines and additional information regarding marketing the program at: <https://www.hgacbuy.org/marketing>

3.3. Corporate/Sales Commitment

Contractor is required to make some basic commitments to ensure the overall success of the HGACBuy program. By submission of a response, Respondent agrees that HGACBuy has the support of senior management and HGACBuy will be the primary government contracting vehicle when offering services/products awarded from this solicitation to eligible Customers nationwide. A further commitment to aggressively market the program, both independently as well in partnership with HGACBuy, is required.

3.4. Manufacturer as Respondent

If Respondent is a manufacturer or wholesale distributor, the response received will be evaluated based on a response made in conjunction with that manufacturer's authorized dealer/reseller network. Unless stated otherwise, a manufacturer or wholesale distributor Respondent is assumed to have a documented relationship with their dealer/reseller network where that network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this Solicitation on behalf of the manufacturer or wholesale distributor Respondent. Any listed dealer/reseller will be considered a sub-contractor of the Respondent. The relationship between the manufacturer and wholesale distributor Respondent and its dealer/reseller network must be indicated at the time of the submission.

3.5. Dealer/Reseller as Respondent

If Respondent is a dealer/reseller of the products/services proposed, the response will be evaluated based on the Respondent's authorization to provide those products and services from the manufacturer.

3.6. Approval by Manufacturer

Any awarded contractor must be approved by the manufacturer to sell, install, and service the brand of equipment submitted. Respondents to this solicitation must submit an approval letter from each manufacturer; authorization letters must include the regions in which equipment may be sold or serviced.

3.7. Structure of Response

Depending on the Product or Service, market structures and sales practices can differ substantially. For example, dealers may sell into any market or may be restricted to certain territories, manufacturers may sell direct or be limited by law to selling through independent dealerships, etc. H-GAC's objective is to ensure that Customers, no matter where located, can buy contracted products/services and receive quality and timely service and support, while allowing for the most appropriate and effective response to this Solicitation. Responses to this Solicitation will only be accepted in conformance with the below scenarios and requirements. Note: Respondent can only be a party to one response structure.

- A. **Single Respondent Acting Alone Or As "Lead" For A Group:** Respondent must complete and sign a Signature Page and all other required forms and, if contracted, will be solely responsible for all contractual requirements including administration, processing of purchase orders and handling of payments for transactions which may involve other dealers/distributors who deliver the products or services. Unless stated otherwise, a manufacturer or wholesale distributor Respondent is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this Solicitation on behalf of the manufacturer or wholesale distributor Respondent. Any listed dealer will be considered a sub-contractor of the Respondent. The use of any dealer or reseller is not required if manufacturer or distributor does not employ such.
- B. **Multiple Respondents Acting Jointly:** A single Response will be submitted, and each party to the Response must complete and sign a Signature Page and all other required forms must be included in the single Response. If the Response is successful, each party will sign a separate contract with H-GAC and will be individually responsible for compliance with all terms and conditions. Only those parties which have executed a contract with H-GAC are authorized to process purchase orders for sales and payments under the HGACBuy program.

Contractor may sell through HGACBuy anywhere subject to compliance with applicable laws and regulations. If the market structure in which Contractor operates requires a contract assignment for any sale, in certain limited circumstances, H-GAC may allow the contract to be assigned to a Manufacturer or another Dealer(s). Such assignment must be specific and detailed and must be approved by the

Contractor and H-GAC. Once assigned, the Contractor and assignee may NOT sell or service the same product line or category.

Depending on the structure of the network, H-GAC recognizes in some cases it may be necessary for the Purchase Order to be issued in the name of the reseller/dealer, etc., however the reseller, dealer, etc. is recognized only as a sub-contractor and will not receive a separate contract award or be assigned any portion of the contract. Any Lead Respondent utilizing a dealer/reseller network who is awarded a contract will be responsible for the processing of the Purchase Order through the network and the activities of the sale, reporting requirements, and remittance of applicable order processing fees.

3.8. Contractor Status

Contractor is required to provide a status form, which is not part of any evaluation, but may be relevant to other state or local procurement requirements that apply to HGACBuy Customers. The following information will need to be captured:

- A. Contractor's status as a minority/woman-owned business enterprise, historically underutilized business, or service-disabled veteran; etc.
- B. Whether Contractor or its ultimate parent or majority owner has its principal place of business in Texas or employs at least 500 persons in Texas; and
- C. Whether Respondent is a Texas resident or a non-resident business.

3.9. Administrative Fee

Fee established. For all completed transactions under an awarded contract, Supplier will pay a 2% Administrative Fee directly to H-GAC. **Supplier will include the Administrative Fee within its proposed pricing. Supplier may not directly charge Participating Entities to offset the Administrative Fee.** H-GAC will invoice the Supplier directly for the 2% H-GAC Administrative Fee. It is the Supplier's responsibility to remit the Administrative Fee within thirty (30) days after delivery of goods or services to Participating Entity.

Fee Calculation. The 2% Administrative Fee payable is calculated based upon the purchase order total amount of the Supplier's awarded and contracted pricing. On transactions where the Supplier extends an additional point of purchase discount, H-GAC Administrative Fee will be calculated before any such discounts are applied. Supplier agrees that H-GAC will have the right, with reasonable notice, to inspect its records pertaining to purchase orders processed and the accuracy of the fees payable to H-GAC.

For purchase orders processed on this contract for complete and new motor vehicles, H-GAC Administrative Fee will be a flat processing fee paid by the H-GAC member, equal to the corresponding amount from the current HGACBuy fee schedule.

Noncompliance. H-GAC reserves the right to seek all remedies available at law for unpaid or underpaid Administrative Fees due under this Agreement. Failure to remit payment, delinquent payments, underpayments, or other deviations from the requirements of this Agreement may be deemed a material breach and may result in cancellation of this agreement and disbarment from future agreements.

Such consideration means:

- (1) These business types are included on solicitation lists;
- (2) These business types are solicited whenever they are deemed eligible as potential sources;
- (3) Dividing procurement transactions into separate procurements to permit maximum participation by these business types;
- (4) Establishing delivery schedules (for example, the percentage of an order to be delivered by a given date of each month) that encourage participation by these business types;
- (5) Utilizing organizations such as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and

Nothing in this provision will be construed to require the utilization of any firm that is either unqualified or unavailable.

The Small Business Administration (SBA) is the primary reference and database for information on requirements related to Federal Subcontracting <https://www.sba.gov/federal-contracting/contracting-guide/prime-subcontracting>.

The drawing must be witnessed by at least three (3) persons and the contract file must contain the names and addresses of the witnesses and the person supervising the drawing. When an award is made by drawing by lot after receipt of equal low bids, the buyer must describe how the tie was broken by providing a written statement that the contract award was made in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot. This does not prohibit H-GAC from rejecting all bids.

The committee members will individually evaluate and numerically score each submission in accordance with the evaluation criteria section of this Solicitation. Submissions will be evaluated based on a total top score of 100. 12. Selection/Final Approval and Award

A recommendation will be presented to the H-GAC Board of Directors for approval to execute a contract. H-GAC reserves the right to award based on the best interests of H-GAC, whether that be single or multiple awards. However, the final approval and selection of award lies with the Board of Directors. H-GAC reserves the right to delay that date as needed and to reject any and all submissions as deemed in its interest. H-GAC reserves the right to require the awarded Contractor attend a post award meeting with H-GAC staff and/or other designated persons at H-GAC offices in Houston, Texas within thirty (30) calendar days after the award. The purpose of the meeting will be to discuss the terms and conditions and to provide additional information regarding the work tasks and requirements. Awarded Contractor and H-GAC will identify specific goals, strategies and activities planned for meeting program objectives.

H-GAC reserves the right to accept or reject, in whole or in part, any or all responses received and to make an award on the basis of individual item, combination of items, or overall best value response, as it is deemed in the best interest of H-GAC and its Customers.

It is the obligation of the HGACBuy Member to obtain pricing to determine best value with respect to their specific requirements and additional purchasing protocols, and to apply any additional levels of scrutiny when choosing an appropriate contractor.

13. Presentation/Demo/Interview and Best and Final

Presentation/Demonstration/Interview: The evaluation committee reserves the right to request and require that each Respondent provide a final presentation/demonstration/interview regarding submission at a scheduled date and time. No Respondent is entitled to this opportunity, and no Respondent will be entitled to attend the presentation/demonstration/interview of any other Respondent. The purpose of the presentation/demonstration/interview is to inform the work of the evaluation committee. If necessary, Respondents may be required to make more than one presentation/demonstration/interview. Interviews can incorporate clarifying questions of the evaluation committee and H-GAC reserves the right to utilize the information to complete final scoring of proposals after the presentation/demonstration/interview. During this process, the proposer cannot incorporate, or present new information not contained in the original submitted proposal.

In general, BAFO would consist of updated costs and answers to specific questions that were identified during the evaluation. If H-GAC chooses to invoke this option, Submissions would be re-evaluated by incorporating the information requested in the BAFO document, including costs, and answers to specific questions presented in the document. 14. Debrief/Protest

Requesting a Debrief: Requests for a debriefing must be made in writing to HGACBuySolicitations@h-gac.com within five (5) working days after notification of non-selection. Resolution of Protested Solicitations: Any Respondent who is aggrieved in connection with a purchase transaction may file a grievance. The grievance may be filed at any phase of the procurement, and up to five (5) days after the H-GAC Board of Directors public agenda is posted for action regarding the questioned item. Grievances filed more than five (5) working days after action by the H-GAC Board of Directors will not be deemed timely and will not be considered. In order for a Respondent to enter the grievance process, a written complaint must be sent to the Deputy Assistant Director of H-GAC by certified mail and sent to 3555 Timmons Lane, Houston, Texas 77027, which includes the following:

- A. Name, mailing address and business phone number of the complainant.
- B. Appropriate identification of the procurement being questioned.

- D. Supporting exhibits, evidence, or documents to substantiate any claims.

The grievance must be based on an alleged violation of H-GAC's Procurement Procedures, a violation of State or Federal Law (if applicable), or a violation of applicable grant or contract agreements to which H-GAC is a party. Failure to receive a procurement award from H-GAC in and of itself does not constitute a valid grievance. Upon receipt of grievance, the Deputy Executive Director will initiate the informal resolution process.

The Procurement and Contracts Department will contact the complainant and all interested parties and attempt to resolve the allegations informally within ten (10) working days from the date of complaint. If the allegations are successfully resolved by mutual agreement, documentation will be forwarded to the Deputy Executive Director of the resolution with specifics on each point addressed in the original complaint.

If the Procurement and Contracts Department is not successful in resolving the allegations, the complaint, along with the comments, will be forwarded to the Deputy Executive Director immediately. The Deputy Executive Director will review all documentation. All interested parties will be given written notice of the date, time, and place of hearing and an opportunity to present evidence. A written decision will be issued within five (5) working days after the hearing along with notice of appeal rights.

The complainant may appeal the Deputy Executive Director's decision by submitting a written appeal, within five (5) working days, to the Executive Director of H-GAC. The Executive Director, upon receipt of a written notice of appeal, will contact the complainant and schedule a hearing within ten (10) working days. The Executive Director of H-GAC has the option of appointing a Hearing Officer to preside over the hearing. If appointed, the Hearing Officer will conduct a hearing and forward a summary and recommended resolution to the Executive Director.

The decision reached by the Executive Director or his designee will be final and conclusive. This decision will be forwarded to the complainant in writing within thirty (30) working days.

The Respondent may, if it elects to do so, appeal the final and conclusive decision of the Executive Director to a court of competent jurisdiction.

1. *Price Decreases*

If Contractor's Direct Cost decreases at any time during the full term of this award, Contractor must immediately pass the decrease on to H-GAC and lower its prices by the amount of the decrease in Direct Cost. (Direct Cost means Contractor's cost from the manufacturer of any item or if Contractor is the manufacturer, the cost of raw materials required to manufacture the item, plus costs of transportation from manufacturer to Contractor and Contractor to H-GAC. Contractor must notify H-GAC of price decreases in the same way as for price increases set out below. The price decrease shall become effective upon H-GAC's receipt of Contractor's notice. If Contractor routinely offers discounted contract pricing, H-GAC may request Contractor accept amended contract pricing equivalent to the routinely discounted pricing.

2. *Price Increase*

Contractors may request a price increase for items priced as Base Bid items and Published Options. The amount of any increase will not exceed actual documented increase in Contractor's Direct Cost and will not exceed 10% of the previous bid price. Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges or other governmental actions, or other economic factors. Manufacturer price/contract changes involving the sale of motor vehicles will be considered and may be

allowed during the entire contract period subject to submission and verification of the proper documentation required for a contract change as referenced in this section.

3. *Price Changes*

Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g., 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes. For published catalogs and price sheets as part of an H-GAC contract, requests to amend the contract to reflect any new published catalog or price sheet must be submitted whenever the manufacturer publishes a new document. The request must include the new catalog or price sheet. All Products shall, at time of sale, be equipped as required under any then current applicable local, state, and federal government requirements. If, during any contract, changes are made to any government requirements which cause a manufacturer's costs of production to increase, Contractor may increase pricing to the extent of Contractor's actual cost increase. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

4. *Requesting Price Increase/Required Documentation*

Contractor must submit a written overview of changes requested and reasons for the request, stating the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must be supported with substantive documentation (e.g., notices from suppliers and manufacturers of pricing changes in products, components, transportation, raw materials or commodities, and/or product availability, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line-item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to Lead Program Coordinator, james.glover@h-gac.com.

5. *Review/Approval of Requests*

If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. If H-GAC does not approve Contractor's price increase, Contractor may terminate its performance upon sixty (60) days advance written notice to H-GAC, however Contractor must fulfill any outstanding Purchase Orders. Termination of performance is Contractor's only remedy if H-GAC does not approve the price increase. H-GAC reserves the right to accept or reject any price change request.

15.6. Contract Item Changes

1. If a manufacturer discontinues a contracted item, that item will automatically be considered deleted from the contract with no penalty to Contractor. However, H-GAC may at its sole discretion elect to make a contract award to the next lowest Respondent for the item, or take any other action deemed by H-GAC, at its sole discretion, to be in the best interests of its Customers.
2. If a manufacturer makes any kind of change in a contracted item which affects the contract price, Contractor must advise H-GAC of the details. H-GAC may allow or reject the change at its sole discretion. If the change is rejected, H-GAC will remove the item from its program and there will be no penalty to Contractor. However, H-GAC may at its sole discretion elect to make a contract award to the next lowest Respondent for the item, or take any other action deemed by H-GAC, at its sole discretion, to be in the best interests of its Customers.
3. If a manufacturer makes any change in a contracted item which does not affect the contract price, Contractor shall advise H-GAC of the details. If the 'new' item is equal to or better than the originally contracted item, the 'new' item shall be approved as a replacement. If the change is rejected H-GAC

will remove the item from its program and there will be no penalty to Contractor. However, H-GAC may at its sole discretion elect to make a contract award to the next lowest Respondent for the item or may take any other action deemed by H-GAC at its sole discretion, to be in the best interests of its Customers.

3. Prices for all offered options must include any installation or mounting required to make it a fully functional component of the Product, unless otherwise stated in the Response.
4. "Suggested" or "Other" options may be listed for any Product in the Solicitation, Respondent is encouraged to quote pricing for such options. The extent of offered options in any response may be taken into consideration as part of the award criteria, at H-GAC's sole discretion.

Required Options

- A. Product specifications may include H-GAC "Required Options". If so, Respondent must quote a price for ALL options requested, and, if there is an H-GAC Option Code provided in the Solicitation, it MUST be used as part of the description.
- B. For any specific "Required Option", Respondent may quote an equivalent so long as its design and performance are as good as, or better than, the specified option item. Responses which do not include pricing for Required Options may be considered non-compliant.

Upgrade/Downgrade Options

- A. H-GAC may include in the Solicitation the opportunity for a Contractor to provide items related to the "base item" being provided, termed Upgrade/Downgrade Options. These options allow Customers to customize their purchase to meet any required individual entity requirements. **Upgrade/Downgrade options are only available with the purchase of the matching "base item"**. H-GAC reviews all Purchase Order requests for Upgrade/Downgrade Options and reserves the right to disallow purchase of any Published Option through the Program.
- B. No Upgrade/Downgrade Option may be offered which essentially converts a Product such that it competes with a Product Item awarded to another Contractor.

16.10. Standard Features

The stated minimum requirements for all Products requested in the Solicitation are considered "standard" features by H-GAC; even if these features might normally be offered as options, these features must be included in the base price for any product offered.

16.11. Variances

Any variance in the specifications or performance of Products offered pursuant to this Solicitation will be deemed acceptable to H-GAC only if the variance MEETS or EXCEEDS the specifications and requirements of this Solicitation.

16.12. Interpretation of Specifications

Any specifications and/or product references contained are intended to be descriptive rather than restrictive. H-GAC is soliciting responses to provide a complete service package which meets its overall requirements. Specific services and collection references may be included in this Solicitation for guidance, but they are not intended to preclude Respondents from recommending alternative solutions offering comparable or better performance or value. Results of informal meetings or discussions between a potential Respondent and H-GAC official or employee may not be used as a basis for deviations from the requirements contained in this Solicitation. The intent of the specifications is to provide Respondent with sufficient information concerning the Products/Services to be contracted so Respondent can prepare and submit an acceptable Response. The specifications may be detailed or general in nature. Details of construction, materials, or the way in which services will be provided, are left to the discretion of the Respondent, provided only that any offering must conform, as a minimum, to best Industry standards and practices and to what is currently being sold in the marketplace. Requirements contained in the Solicitation are not considered to be biased toward any Respondent(s) competing under this Solicitation.

16.13. Brand Name or Equivalent

Wherever in the specifications any materials or processes are indicated or specified by patent of proprietary name and/or by name of manufacturer, such specifications will be deemed to be used for the purpose of facilitating descriptions of the performance, materials and/or processes desired and must be deemed to be followed by the words, "or equivalent", if not stated in the specifications. The burden of proof will rest with the Respondent, in the course of a technical evaluation, to prove that the proposed item(s) are equivalent to the performance, materials, processes, or articles specified. Determination as to whether the items(s) bid is/are equivalent to those specified will rest solely with H-GAC and the Customer. If a respondent is offering an "or equivalent" item, respondent must list the manufacturer's name and product number of the item offered. If this detail is not provided, it will be assumed respondent is offering the exact item specified. H-GAC's decision whether an item is an equivalent to the item specified is final.
